

****CONSTRUCTION ALERT UPDATE****

TEMPORARY TRAFFIC LANE CLOSURES TO RELOCATE WATER LINES ON WALNUT DRIVE, FAIRWAY DRIVE AND BUSINESS PARKWAY; INTERMITTENT WATER SERVICE INTERRUPTION TO OCCUR

WHAT

Walnut Valley Water District contractors will relocate underground water lines on Fairway Drive, Business Parkway and E. Walnut Drive North, and install new water lines in preparation for the Fairway Drive Grade Separation project (see map above).

WHAT TO EXPECT

The underground water lines will be relocated and require the excavation and placement of new pipes in a trench. Traffic will be temporarily and intermittently closed on northbound, southbound and left turn lanes of Fairway Drive and eastbound, westbound and left turn lanes of Business Parkway and E. Walnut Drive N. In an effort to limit the traffic impact, the work is being performed in phases. Business access will be maintained and at least one traffic lane in each direction will be open at all times. Reconnection of the water services may require the intermittent disconnection of water service. Impacted customers will be notified 48 hours in advance by Walnut Valley Water District. Motorists and pedestrians are urged to obey posted signs and exercise caution while in the vicinity of the construction activities. Noise, dust and vibration may be noticeable and monitored for compliance with applicable limits.

WHEN

Construction began on **Monday, July 25, 2016** and is expected to be completed in July 2017. Most work will occur weekdays 9 a.m. to 3 p.m. Weekend work is not anticipated.
